

FinWorks 4455 NSF Approved Food Grade Fin Stamping Lubricant

Line Description

Metalloid Corporation manufactures a complete line of high performance air conditioning/heat transfer and refrigeration lubricants. The Metalloid line includes ferrous and non-ferrous fin stamping, tube bending and expanding lubricants. Metalloid also manufactures process cleaners and vacuum pump oils.

Product Description

FinWorks 4455 is a heavy-duty evaporative fin stamping lubricant. The unique lubricity package of **FinWorks 4455** draws a wide range of collar heights, ranging from 2 F.P.I. up to 22 F.P.I. **FinWorks 4455** is virtually dry to the touch and will not interfere with brazing. **FinWorks 4455** is multi-metal safe. This product is NSF Approved Food Grade (see below).

Advantages

- Outstanding tool life and lubricity
- Light residue
- Non-staining
- Odorless
- Low viscosity
- Multi-metal safe
- Excellent formic acid corrosion package
- Ash less residue

Specifications

Density, lbs. /gal6.37
Flash Point, °F (TCC)125+
Appearance.....Clear, odorless liquid
