

METDRAW 709 Stamping Lubricant

Line Description

Metalloid Corporation manufactures a complete line of high performance metal working fluids. The Metalloid line includes fluids for machining / grinding, stamping and metal forming. Metalloid manufactures a complete line of cleaners including parts cleaners, floor cleaners and hand cleaners.

Product Description

METDRAW 709 is a versatile light viscosity medium-duty evaporative stamping lubricant. The unique lubricity package of **METDRAW 709** stamps a wide range of material thickness, material geometries and types of metal. **METDRAW 709** is virtually dry to the touch and will not interfere with brazing or welding. **METDRAW 709** is multi-metal safe.

Advantages

- Outstanding tool life and lubricity
- Light residue
- Non-staining
- Odorless
- Low viscosity
- Multi-metal safe
- Easily removed in aqueous wash systems
- Ash less residue

Specifications

Density, lbs./gal.....6.37
Flash Point, °F (TCC) 145
Appearance.....clear, odorless liquid

Applications

METDRAW 709 is used as received. It may be sprayed, dipped, wiped, misted or brushed on. **METDRAW 709** is available in 5-gal. Pails, 55-gal. Drums, 330-gal. Totes and bulk gallon quantities.
